MDSC Puzzles 2025
Pathway 3, Subject 4: Pump Crawl

Welcome to the Pump Crawl! We'll begin at the northernmost pump. Walking a short distance west takes us to a fashion store (2 min).

Turning left and walking a short distance takes us to a major road that shares its name with a university. We turn left on this road until we arrive at another fashion store (8 min).

We keep walking for a short distance then turn right into a pedestrian-only street. Continuing along this street will take us to our lunch spot at the steakhouse. (4 min)

After lunch, we'll head southwest for a short period then turn right, soon arriving at a bar. (4 min)

Continuing on, we take the next left. After some time there should be a travel agent on our right-hand-side. (11 min).

We keep walking for another 150m then veer right, continuing until we arrive at a tailor, just one of many along this street. (2 min)

We now double-back and turn right, proceeding down a large curve of a road, until we arrive at a subway station. (3 min)

Now we go northeast for a bit, then turn left. After walking a bit more walking, we should be back in front of the bar (3 min).

Oops! We left our water bottle back at the subway station! Let's make our way back. (5 min)

We'll go back up the curved road, and proceed until we turn right then right, immediately arriving at a department store. (2 min)

After going southeast along the pedestrian-only zone, we soon turn left and walk until we reach our final stop: a pub that is very aptly named. (4 min)

Enjoy your well-deserved pasteurised beer!
